

Specific conditions of "Ticket and bracelet"

The ticket to the concert venue allows access only to the music venue on July 14, 15, 16 and 17, 2022.

Tickets may only be purchased through the sales channels authorized by the Promoter, the latter not being responsible for tickets that have not been purchased through said sales channels. Any ticket that is amended, broken, or with signs of falsification, implies the prohibition of access to its bearer to the musical venue and the camping area, without prejudice to the exercise of the corresponding civil and / or criminal actions.

During the process of buying the General and VIP Passes, as well as those for camping, the buyer will have to indicate his name and surname, the tickets are nominal and the person who is reflected in the ticket cannot be another person other than the assistant to the event, for this purpose the DNI or passport will be required to prove your identity in the accreditation centers designated by the promoter to exchange your ticket for the access bracelet to the different venues of the festival. The organization will carry out the electronic validation of all tickets. Access to people with tickets already validated previously or acquired outside of our official channels will not be allowed www.fiberfib.com and Weezevent entradas@fiberfib.com . The rest services are not nominative.

The customization of the tickets is free during the first 20 days after the purchase is made. Once that period has passed, making a data change on your ticket costs 20 euros.

The ticket cannot be returned or exchanged, except for the total cancellation of the event, or modification of the date of the event. The Promoter reserves the right to modify, suspend or alter any of the activities and actions proposed in the poster. If the cancellation is total, the Promoter will return the amount of the ticket in the conditions that will be published by this same means, with the exception of the distribution cost, as this is a service provided by the sales channels at the time of the sale of the entry. In no case will the amount of the tickets be refunded if the cancellation has occurred after the festival has started.

The ticket will be exchanged by the Promoter to its Owner and User for a bracelet at the box office located next to the entrance of the music venue that will be placed by the festival staff. The bracelet is the only valid element that empowers its Owner and User to access the music venue and the rest area.

The Promoter is not responsible for the breakage, loss or improper manipulation of the bracelet, being the responsibility of the Owner and User to keep it at all times, since the loss, manipulation or breakage of it will imply the impossibility of accessing the site or expulsion of the same. It is the responsibility of the Owner and User to validate that the bracelet is perfectly closed at the time of its placement, since a broken or tampered bracelet will in no case be changed or replaced by another. A bracelet will only be replaced if it has been over-adjusted by the assistant, and in this case, the change will cost 25 euros.

Re-access bracelet: corresponds to the ticket that the concert venue attendee must buy to be able to enter and leave the venue unlimitedly. Your purchase will be in advance at fiberfib.com , in case you do not purchase it in advance, you can do it directly at the festival and it will cost € 10 per day.

Rest zone

The festival has two rest areas: Villacamp and Campfest. In order to access the campsite, the attendee must buy their festival ticket + camping ticket (Campfest or Villacamp), in this way, they can use the concert area for 4 days, from Thursday 07/14/2022 to Sunday 07/17/2022 and from the campsite from Tuesday 12/07/2022 at 12pm to Monday 18/07/2022 at 12pm.

Additionally, attendees who also opt for a Glamping-type tent, must bear in mind that during the purchase they will have to buy Festival Pass + Camping Ticket (Villacamp or Campfest) + Glamping Tent (optional).

Regarding the entry and accreditation of the camping bracelet, more information can be found in the specific conditions "REST AREA" published on the festival website.
